## BULB LECTURES presented by Mike Smedley

**Bulb Basics - Lessons from Years of Trowel and Error, 11 a.m.**

**Tulips are from Holland and Other Outrageous Lies, 1 p.m.**

Mike Smedley has been ruthlessly gardening in Durango's fickle climate for 20 years, managing to plant more plants than he has killed. His lawn is xeric buffalo grass with 10,000 species of crocus and tulips, blooming from early March to mid-May. The rest of the garden features a couple thousand other bulbs, about 40 species and cultivars. Smedley is also an obsessive rock gardener. He is the chief deposit officer for Bank of the San Juans, a community bank in Durango with offices across Colorado, and he writes a weekly humor column for the local newspaper called "Action Line." In the 12 years he has been writing the column, he can count on one hand the number of times that "action" actually was taken.
