GARDEN OF THE GODS

A Springtime Journey to the Greek Islands

April 26 – May 7, 2020

DENVER BOTANIC GARDENS

Dear Member,

It is with pleasure and excitement that I invite you to join me on a magical springtime journey to Greece and the Greek islands at the time of year when the entire country becomes a vast natural garden. Greece is home to a stunning number of plant species, comprising the richest flora in Europe. More than 6,000 species thrive here, of which about ten percent are unique and can be found nowhere else in the world. This is also the land that gave birth to the science of botany, beginning in the 4th century BC. Ancient Athenians planted the Agora with trees and plants and created leisure parks, considered to be the first public gardens.

On this springtime journey we will witness the beautiful display of wild flowers that cover the land as we explore ancient sites, old villages and notable islands. We start in Athens, the city where democracy and so many other ideas and concepts of the Western tradition had their origins, where we will tour its celebrated monuments and witness its vibrant contemporary culture.

From Athens, we will continue to Crete, home of the Minoans, who, during the Bronze Age, created the first civilization of Europe. Our three days on this fabled island will give us time to discover leisurely its Minoan palaces, see treasures housed in museums, explore the magnificent countryside and taste the food, considered to be the source of the widely-sought Mediterranean diet. Crete is also famous for its flora and medicinal plants which have been in high demand since antiquity.

From Crete, we will sail across the blue Aegean Sea to crescent-shaped Santorini, perhaps the most spectacular island in the entire Mediterranean. Inhabited by a sophisticated society in deep antiquity, half of the island subsided after a cataclysmic volcanic eruption in the late 17th century BC. Some archaeologists and others have seen this event as the origin of the legend of the lost continent of Atlantis. During our two-day stay we will explore incredible Akrotiri, the Bronze Age town that was entirely covered with pumice and ash from the volcano's eruption.

Continuing our journey in the Greek archipelago, we will reach beautiful Naxos, the largest of the Cycladic islands, known for its impressive main town, ancient monuments, Byzantine churches with exquisite frescoes, picturesque villages and sandy beaches. From Naxos, we will visit Delos, the sacred island where the divine twins Apollo and Artemis were born, now a UNESCO World Heritage Site, and Mykonos, the quintessential Cycladic island, known for its white-washed architecture and cosmopolitan atmosphere.

To explore Greece and its islands when the sites and landscapes are carpeted with a profusion of wild flowers and aromatic herbs is a rare privilege. I hope you will join me and fellow members of the Denver Botanic Gardens on this memorable travel experience to the "Garden of the Gods."

Sincerely,

Sarada Krishnan, Ph.D.

ATHENS and SOUNION

One of the world's most venerable cities, Athens is the capital of Greece and Europe's oldest city. Its ancient monuments are testimonies to its glorious past that gave birth to democracy and many other ideas and concepts that form an integral part of the Western tradition. In the morning, tour the Acropolis. Occupied since prehistoric times, the rocky plateau of the Acropolis rises dramatically out of the plain and dominates the modern city as it did in antiquity. The incomparable Parthenon and other temples

and structures built in the 5th century BC represent the highest achievement of architecture and art of the Classical period. Visit also the Acropolis Museum, which houses an outstanding collection of sculpture and other artifacts. In the afternoon, drive along the Athenian Riviera to Sounion to visit the Temple of Poseidon, magnificently set above the sea. Dwarf bearded irises and other flowers carpet the site. Dinner will be served at a local taverna.

ATHENS/HERAKLION, Crete

Fly in the morning to Heraklion, Crete's largest city and main commercial center. Upon arrival, transfer to the Hotel GDM Megaron, located near the old harbor and the Venetian fortress. The largest of the Greek islands, Crete is the reputed birthplace of Zeus and home of Europe's earliest civilization, the Minoan, which dominated the Aegean world and parts of the Mediterranean, starting at around 2000 BC, the period when the celebrated palaces began to be built. With an incredibly beautiful and varied landscape that harbors about 2,200 plant species, of which 170 are endemic, outstanding archaeological sites and museums, a population

renowned for its friendliness and hospitality, and a cuisine that has been studied by the world's nutritionists for its health benefits, Crete is a beguiling place to visit and explore. In the afternoon, tour Heraklion, including the enormous Venetian walls (Crete was under Venetian rule from 1204 to 1669); the church of Aghios Titos; the Venetian City Hall and its loggia; and the Historical Museum, whose exhibits offer an examination of Cretan history.

EXPLORE CRETE

Today's exploration of Crete will reveal the island's beautiful and varied landscape, some of its ancient sites and the charming town of Rethymnon. Drive to Gortyn, the ancient city that rose to power during the 1st century BC when it became the capital of the Roman province of Crete and Cyrenaica (North Africa). Gortyn is noted for the Law Code, laws inscribed on columns, in 450 BC. Nearby is the Minoan palace of Phaistos, dating from the second millennium BC, beautifully situated in the fertile plain of Messara, overlooking Mount Ida, the birthplace of Zeus. Continue to the seaside resort town of Aghia Galini for lunch, and then drive through the scenic Amari Valley to Rethymnon, one of Crete's most atmospheric towns, known for its well preserved architecture from the Venetian and Ottoman periods. Explore the old town's narrow alleyways before returning to Heraklion.

Friday, May 1

KNOSSOS and the HERAKLION MUSEUM

In the morning explore the magnificent palace

of Knossos, the largest Minoan palace in Crete. Clustered around a spacious courtyard, the palace contains a maze of rooms and passages that probably generated the concept of the labyrinth, home of the mythological monstrous Minotaur, half-man, half-bull. More than any other palace, Knossos reveals the brilliance and refinement of the Minoan civilization. Walls decorated with frescoes illustrate life as it was some 4,000 years ago. Continue to the superlative Archaeological Museum, home to the world's finest Minoan artifacts. Spend the afternoon at leisure to explore Heraklion on your own. Enjoy dinner at a restaurant specializing in Cretan cuisine.

Saturday, May 2

HERAKLION/SANTORINI

Sail in the morning across the blue Aegean Sea to volcanic crescent-shaped Santorini, perhaps the Mediterranean's most spectacular island. Be on deck as the ship approaches Santorini to admire the spectacle of Phira, the island's white-washed main town, perched on the 1,000-foot-high volcanic caldera. After checking in at the Hotel Santorini Palace, visit the Museum of Prehistoric Thera, whose exhibits provide a fine introduction to the island's Bronze Age civilization. Then drive the short distance to Oia, the picturesque small town that is sited at the northern tip of the ridge.

Sunday, May 3

SANTORINI

Known in classical antiquity as Thera, the island was a flourishing trading center

inhabited by a sophisticated society during the Bronze Age. In the late 17th century BC, a massive volcanic eruption collapsed half of the island and buried Akrotiri, its main town, in a thick layer of ash and pumice, preserving its houses, streets and squares as they existed 3,700 years ago. Some have connected the disappearance of half of the island to the legend of Atlantis. Starting in the late 1960s, excavations by Greek archaeologists brought Akrotiri to life, becoming one of the world's most important archaeological sites. Akrotiri conveys a powerful lifelike picture of a well-organized and prosperous Aegean prehistoric city. Spend the afternoon at leisure to explore and enjoy Phira on your own.

Monday, May 4

SANTORINI/NAXOS

Leave Santorini in the morning and sail to Naxos, arriving early in the afternoon. A major center of the prehistoric Cycladic culture and the birthplace of Dionysus, the god of the grape harvest, winemaking, wine and ecstasy, Naxos is known for its varied landscapes, ancient sites, picturesque old villages, Byzantine churches decorated with high quality frescoes, and fertile soil that supports a vibrant agriculture. In the 6th century BC it excelled in marble-sculpting. In the afternoon, explore picturesque Chora, the island's main town, its narrow streets spread below the Kastro, a citadel built by the Venetians, who held the island from 1207 to 1537. Visit the archaeological area of Mitropolis, which

displays habitation from prehistoric times to the Roman period, and the Archaeological Museum. Facing the town is a small islet, connected to the town by a causeway, on which are the remains of a temple built in the 6th century BC. Our home for the next three nights will be the boutique Hotel Naxian Collection. Meals: B, D

Tuesday, May 5

NAXOS/DELOS/MYKONOS/NAXOS

Cruise to uninhabited Delos, the small island that was sacred to the ancient Greeks, on account of its being the birthplace of the divine twins Apollo and Artemis. The group of islands in the center of the Aegean Sea are called Cyclades because they form a circle around Delos. A UNESCO World Heritage Site, Delos is a vast archaeological site and a veritable open air museum. Walk the Sacred Way to see the remains of sanctuaries, temples, the celebrated Terrace of the Lions and houses, some of which contain exquisite mosaics. Adding to the unique beauty of the place is that at this time of the year Delos is awash with flowers. After exploring Delos, sail across the short channel to Mykonos, the quintessential Cycladic island, known for its white-wash houses and chapels, cosmopolitan atmosphere and smart cafes and shops. Spend time at leisure to explore Mykonos on your own before returning to Naxos.

Meals: B, D

Wednesday, May 6

NAXOS

Naxos was sacred to Dionysus, and we start our exploration of the island at his Sanctuary, a cult center since the 8th century BC. Continue to the Temple of Demeter, which was constructed in 530 BC, and then to the village of Chalki, with its distinctive architecture and the church of Protothronos, dating to the 6th century. Nearby are the villages of Moni, home of the equally early church of Panaghia Drosiani that contains important frescoes; Apeiranthos, perched on a high cliff; and Flerio, site of an ancient marble quarry, where we see two unfinished monumental statues from around 570 BC. Lunch will be served at a village taverna before returning to the hotel and an afternoon at leisure. Enjoy a farewell dinner. Meals: B, L, D
