

SUMMER BLOOMS

Flowers come in all different shapes and sizes. Take a summer stroll with a grownup and see how many different colors, shapes and patterns you can find on the flowers in your neighborhood. When you find one of the flower shapes or patterns described below put an x through the box. Can't find them all? Save the scavenger hunt and take another walk a week later and see what else you discover!

<p>A flower with spots on its petals</p> 	<p>A flower that is shaped like a star</p> 
<p>A flower with hairs in its center</p> 	<p>A flower that hangs downward like a bell</p> 
<p>A flower with stripes on its petals</p> 	<p>A flower that looks like a face</p> 
<p>A flower that is shaped like a trumpet</p> 	<p>A flower that is shaped like a cup</p>
