

GUIDED TOURS

AT DENVER BOTANIC GARDENS

Discover an urban oasis throughout the seasons! Denver Botanic Gardens contains nearly 50 artistically designed gardens and more than 15,000 unique types of plants. Within its 24 acres, you can admire a wide range of specimens, from native beauties to exotic tropical plants.

Join one of our tours, during which experienced Gardens docents and staff share their knowledge of and passion for plants, horticulture and art. These informative conversations give you the opportunity to ask questions, share your thoughts, experience perennial favorites and uncover lesser-known spaces. Select from a number of tour options based on your group's needs and interests.

Contact us to book a private tour for your group (minimum of 5 people) or register for a scheduled tour online at botanicgardens.org/york-street/tours
