BLOSSOMS OF LIGHT™ AT YORK ST.

November 18 – January 7, 4:30-9 p.m. (closed November 25 and December 25)

- \$12-24 non-member; \$17-21 member; Free for children 2 and under (no ticket required)
- Member tickets on sale November 3, 10 a.m.; general public tickets on sale November 7, 10 a.m.
- Advance tickets are required.

Celebrate the holiday season at Blossoms of Light™, a dazzling and ever-changing display of light and color. The Gardens' signature event for more than three decades, this annual holiday lights extravaganza transforms our York Street location into a twinkling winter wonderland. Join us for this family-friendly event that has become a holiday tradition for thousands of Front Range families. In line with our core value of sustainability, all lights used in the event are LED. Holiday treats and warm drinks will be available for purchase at Offshoots Café and the Hive Garden Bistro.

TRAIL OF LIGHTS AT CHATFIELD FARMS

Various evenings, November 25 – January 1, 5-8:30 p.m. (closed December 25)

- \$12-16 non-member; \$10-14 member; Free for children 2 and under (no ticket required)
- Member tickets on sale November 3, 10 a.m.; general public tickets on sale November 7, 10 a.m.
- Advance tickets are required.

Trail of Lights at Chatfield Farms takes you along a winding path glistening with lights that illuminate the Colorado countryside. Tucked into the foothills under the dark sky, the glow of lights can be seen for miles. Just under a mile of walking trail, the illumination of cottonwoods, boxelders and pine trees line the pathway through the Green Farm, Crossroads, Deer Creek Discovery Children's Play Area and 1880s Hildebrand Ranch homestead. This year's trail includes synchronized music in children's play area, singing Christmas trees, three-sided light tunnels, hot beverages, snacks and more! There is the option of a shorter path for those who want to take a shorter stroll. In line with our core value of sustainability, all lights used in the event are LED.

###

About Denver Botanic Gardens: Green inside and out, Denver Botanic Gardens was founded in 1951 and is considered one of the top botanical gardens in the United States and a pioneer in water conservation. Accredited by the American Alliance of Museums, the Gardens' living collections encompass specimens from the tropics to the tundra, showcasing a plant palette chosen to thrive in Colorado's semi-arid climate. The Gardens is a dynamic, 24-acre urban oasis in the heart of the city, offering unforgettable opportunities to flourish with unique garden experiences for the whole family – as well as world-class education and plant conservation research programs. Additional sites extend this experience throughout the Front Range: Denver Botanic Gardens at Chatfield is a 700-acre native plant refuge with an active farm in Jefferson County; Mount Goliath is a high-altitude garden and interpretive site on the Mount Evans Scenic Byway. The Gardens also manages programming at Plains Conservation Center in Aurora. For more information, visit us online at www.botanicgardens.org.
